DETAILED ACTION

Transitional After Final Practice

1. Since this application is eligible for the transitional procedure of 37 CFR 1.129(a), and the fee set forth in 37 CFR 1.17(r) has been timely paid, the finality of the previous Office action is hereby withdrawn pursuant to 37 CFR 1.129(a). Applicant's first submission after final filed on 10/17/06 has been entered.

Election/Restrictions

2. The applicant's representative and the examiner agreed to shift the species to Species A – Figure 1-6. The application still contains claims drawn to an invention nonelected. The examiner suggests canceling the withdrawn claims, since the withdrawn claims are specifically drawn to Figure 12 which is Species E.

Allowable Subject Matter

3. Claims 18-23, 3, 31, 32, 35, 36 are in condition for allowed. These claims are generic to Species A, B, C, D, but not generic to Species E, and F.
4. Claims 24-29, 33, 34, 37 are withdrawn and need to be cancelled.

Response to Arguments

Applicant's arguments filed 10/17/06 have been fully considered and are persuasive over McIntock (USPN 2,585,815) because McIntock fails to teach the specific biasing and fixing means as described in the remarks section and the specification since the examiner interprets those claims in view of means plus function language and that these limitations evoke 112 6th paragraph.
